

AROUND THE TOWN

The Herald will pay \$10 in cash to any person furnishing evidence that will lead to the arrest and conviction of any person caught stealing copies of The Herald from the premises of our patrons.

Strangers are invited to visit the exhibit of California products at the Chamber of Commerce building, on Broadway, between First and Second streets, where free information will be given on all subjects pertaining to this section.

William Thomas Arrested
William Thomas of Colton was arrested by Detectives Leon and Benedict last evening on a charge of not supporting his four children who are said to be living in that town with their deserted mother.

Boy Given Jail Sentence
Frank Bell, the 17-year-old boy accused of having thrown two knives at Edward Stabin Monday morning, was found guilty by Judge Chambers and sentenced to ten days' imprisonment in the city jail yesterday morning.

Saws Off Thumb
W. E. Hamer, an artist employed by the Out West magazine, accidentally sawed off his right thumb yesterday while at work at the office of the publication on South Broadway. The saw slipped and the thumb was severed at the first joint.

Woman Goes to Jail
Mrs. Isabel Valdez, a Mexican woman, who lives at 3 Lopez Place, was arrested by Police Officer C. H. Lehmann Monday morning for keeping a disorderly house. She was found guilty by Judge Chambers yesterday morning and sentenced to ninety days in the city jail.

Narrowly Escape Flames
Fire broke out in a rooming house at 2800 Compton avenue at about 2:30 yesterday morning, the flames enveloping the building so quickly that the sleeping inmates barely had time to escape with their lives. The house was the property of William Curtiss, and the damage amounts to about \$1000.

A Word From Tyndall
"Ghosts" is the title of the lecture to be given at Blanchard hall Sunday evening by Dr. Alexander J. McIvor-Tyndall, the engaging interpreter of metaphysical truths. Dr. McIvor-Tyndall spoke on the subject of "Ghosts" some months ago, giving to the word a meaning not hitherto presented by occultists.

Found With Fractured Skull
J. A. Loftus, fifty years of age, was found in an unconscious condition in the Log Cabin saloon yesterday morning. He was taken to the receiving hospital where it was found that he had sustained a five-inch fracture of the skull, besides minor bruises about the head and face. He was treated by Dr. Smith, who says that the man's condition is critical.

Ohio Society Reception
The Ohio society's regular meeting will be held Monday evening, June 13, at Blanchard hall, and will be a special night for members. Admission will be by ticket only. The entertainment committee, under the direction of Winifred B. Rogers, is making great preparations so that this, the last meeting before the annual picnic, may be especially interesting and pleasant to those who attend.

Carpenter Injured
John Lundquist, a carpenter working on the Homer Laughlin building, was injured at about four o'clock yesterday afternoon by a large mass of falling concrete. Lundquist was working on the ground floor of the building when a workman on one of the upper stories dislodged the concrete that struck Lundquist upon the head. He sustained severe lacerations about the scalp and forehead.

Loses Her Money
Miss Abby Mounce, who came to Los Angeles from Carroll, Ill., three days ago, reported to the police last evening that she lost her pocketbook containing \$30 and several rings valued at \$50 while walking on Spring street yesterday afternoon. The young woman declares the contents of the purse was all the money she had and expected it to keep her until she secured a position in this city.

New Course of Study
The University of Southern California has announced a course of instruction for its summer school, which will be held June 20 to August 1. The instructors are Albert B. Uilery, A. M., professor of biology; Nellie E. Lancaster, B. S., instructor in biology; Roy Edwin Schulz, A. B., professor of Latin language and literature; James A. Hoese, Ph. D., professor of philosophy and education; Harvey R. Holmes, Ph. B., professor of physical education and mathematics; Beulah Wright, dean of oratory.

CONVENTION OF MODERN WOODMEN MAY COME HERE
An effort is to be made to land another convention for Los Angeles in 1907, when the delegates from the local and surrounding lodges of the Modern Woodmen attend the national conclave at Milwaukee in a few weeks. The delegates from Southern California will carry invitations from the Los Angeles chamber of commerce and mayor, and the success of Los Angeles as a convention city inspires hope of their success.

COLD KILLS THE GERM
Lieut. Perry Says There Are No Bald Heads in the Arctic Region
The people who come back from Klondike testify to the fact that no native bald heads are there. The evidence is that the cold climate kills the germs that eat the hair off at the root. Lieut. Perry, who went to the Arctic regions, gives the same evidence. Newborn's Herpicide has the same effect as the cold climate. It kills the germ that eats the hair off at the roots, and the hair grows again. Herpicide is the first hair remedy built upon the principle of destroying the germ that eats the hair off. Its chemical action demonstrates the correctness of the scalp germ theory. Sold by leading druggists. Send for stamps for sample to The Herpicide Co., Detroit, Mich.

MOTHERS DEMAND PURE FOOD LAWS

EDUCATIONAL CRUSADE IS INAUGURATED RECOMMEND STUDY COURSE

Club Women Throughout California Are Engaged in Fight Against Adulteration of Food, Drink or Drugs

"Pure food at all costs." This is the slogan of the California Congress of Mothers and Child Study circles. The first definite steps for the inauguration of a crusade against adulterated foods was begun Wednesday when the circles met in Olivet Congregational church at the invitation of the Washington Street school circle.

Mrs. F. E. Prior suggested that a resolution be passed commending the council of Los Angeles and executives, city health officer, city chemist and city bacteriologist for their activity in inspection and analysis of food, drinks and drugs in the interest of health.

The resolution was passed and a request sent to the council asking that some definite way in which the study circles may assist be suggested to them.

During the coming year there will be one or more courses of study in each school devoted to the subject of pure food. The California Federation of Women's clubs has taken up the subject and it will be presented before each of the fifty-five clubs of the Los Angeles district.

Rev. Dr. Hugh K. Walker addressed the congress Wednesday, taking for his subject "Value of a Child Study Circle in the Church."

"The day of the old-fashioned mother is past and the new-fashioned mother is not yet here," said Dr. Walker. "We are at present in a transitory period. The old-fashioned mother is so rare that she should be put in a glass case as an example. The change in educational facilities has been so great that the new-fashioned mother has not yet had a chance to learn all, and a child study circle in the church would reach a great many mothers. The new methods have not yet reached the homes, and that is what is needed."

CLAIMS SHE IS SISTER OF ORDER OF HOLY NAME

IS TAKEN IN CUSTODY AT SALT LAKE DEPOT

Insanity Commission is Investigating Strange Case of Mary Berigan, Who Asserts She is Sister Claire of West Seneca, N. Y.

Among the seven men and women who were before the insanity commission in division number two of the superior court yesterday was Mary Berigan, who was taken in custody at the Salt Lake station several days ago. At the time of her arrest she was bedecked with Knights of Columbus badges and said she was waiting for the arrival of relatives from the east.

She said that she was a sister in the order of the Holy Name and that she had recently arrived from West Seneca, N. Y., in response to an invitation from the Los Angeles sisters of the order and that she had adopted the name of Mary Berigan because she was unable to travel under her convent name, which she said was Sister Claire. A thorough investigation is to be made in her case.

Another case which attracted much attention at the court house yesterday was that of a man who had escaped from the court room and was later found wandering through the corridors chattering, laughing and tossing his hat in the air.

FILE DAMAGE SUITS AGGREGATING \$45,000

Three damage suits, aggregating \$45,000, were filed yesterday against local railway companies for injuries alleged to have been received during the past few months through the carelessness of the employees of the lines.

B. H. Forbes and his wife, Clara Forbes, entered suit against the Los Angeles Pacific and Los Angeles railroad companies for \$20,000 damages for injuries alleged to have been received in a collision between cars of the two roads at the intersection of Sixteenth and Flower streets, April 30.

Suit for \$3050 was entered against the Los Angeles Interurban railway yesterday by Anna F. and C. F. Stearns for injuries alleged to have been received May 6. According to the complaint, the plaintiff were out driving in a carriage and were run down by the car, Mrs. Stearns being thrown to the ground and severely injured. The third suit was filed by Ira C. Ilsen against the Los Angeles Pacific railroad for \$20,500 alleged damages. Mr. Ilsen alleges that while attempting to alight from one of the company's cars the step beneath him gave way and he was thrown to the ground and dragged some distance. Several of his ribs were broken and one of his vertebrae dislocated.

NOTED YOUNG ACTOR TO APPEAR AT BELASCO

WHITE WHITTLESEY, AS HE WILL BE SEEN IN "SOLDIERS OF FORTUNE"

White Whittlesey, the noted young romantic actor, will commence a limited engagement with the Belasco theater stock company Monday night, June 19.

Mr. Whittlesey's appearance with the local stock organization will be the means of permitting three of the regular Belasco forces, Messrs. Galbraith, Oberle and Vivian, to enjoy a vacation of three weeks. Their places will be taken by well known players who have all won enviable places in the theatrical world.

Mr. Whittlesey's initial appearance with the Belasco company will be made in "Sheridan, or the Maid of Bath," a delightful comedy of manners written by Paul M. Potter and originally played by E. H. Sothern three seasons ago with much success. Mr. Whittlesey used "Sheridan" as his chief offering during his recently terminated starring tour of the largest cities of the country, and regards it as his strongest role.

engagement at the Belasco theater, which will cover a period of four weeks, will be Miss Eugenia Thais Lawton, who occupied the position of leading woman during the actor's tour of the country. Miss Lawton is well known in Los Angeles as a player of more than common merit, a charming comedienne and an emotional actress of power and ability.

Miss Bertha Blanchard, a member of Richard Mansfield's company last year, will also appear with Mr. Whittlesey at the Belasco, playing what are termed "second roles." Luke Conness, for the past two theatrical years a valued and important member of the Alcazar stock company in San Francisco, will replace Mr. Oberle for the time of Mr. Whittlesey's local engagement.

Following "Sheridan, or the Maid of Bath," Mr. Whittlesey will present Richard Harding Davis' stirring American play, "Soldiers of Fortune," in which Robert Edeson made his first and most conspicuous success.

SIX PERSONS HURT IN STREET CAR COLLISION

Six persons were injured and an Interurban street car demolished last night in a wreck at Belmont avenue and First street.

A Temple street car, north bound on Belmont avenue, was struck in the center by an east bound Westlake car at First street and was hurled from the track and turned over on its side.

All the windows were broken and one side of the car was stove in. Mrs. J. H. Steven, 1613 Rockwood street, the only passenger in this car, sustained a slight scalp wound and was severely bruised about the body. The Westlake car did not leave the track, but three of the passengers were bruised and shaken up.

Mrs. H. T. Scott, 759 Merchant street, sustained a severely sprained back. Her husband suffered light bruises about the head and body. Both were taken to their home in the police patrol wagon.

C. H. Moores, 671 Coronado street, was slightly bruised and cut by flying glass. E. A. Means, motorman of the Westlake car, was cut by flying glass and E. R. Royer, motorman of the belt line car, sustained a wrenched arm.

The cause of the accident was a misunderstanding of the right of way. At this crossing the First street cars have the right of way. A west bound car on First street had just crossed Belmont avenue, and after waiting for this car to pass Royer started his car, thinking that he had the right of way. Means started his car at the same time and before either could get his car under control the collision occurred.

C. H. Dallas, of Leavenworth, Kan., has a Sharp's rifle, one of a consignment sent to that state in 1855 by the abolition society of Boston, involved as Bibles.

SIXTH WARD GETS CREMATORY PLANT

BOARD OF PUBLIC WORKS MAKES DECISION

The new garbage crematory will probably be located in the Sixth ward on one of the sites offered to the council. The board of public works made a trip of inspection yesterday afternoon and it was learned after their return to the city hall that the new crematory would be accorded the Sixth, the largest ward in the city.

According to Manager Root of the Decarie Manufacturing company, which sold the plant to the city, the incinerator would be in the nature of an ornament, rather than a detriment to any section of the city.

The citizens of the city have witnessed the sight, however, of nine councilmen expand from representatives of mere wards to citizens of a great city, with philanthropic desires toward the betterment of another portion of the city than their own, by the installation of the new and great ornament recently bought for \$70,864 to consume the city's refuse.

The board of public works will formally report to the council this afternoon and that body will order the purchase of the site decided upon.

OLD SPANISH ESTATE IS FINALLY SETTLED

By a decision handed down by Judge Bordwell yesterday in the Arnaz case, the rancho Rincon de Las Bueyes, one of the finest pieces of farming property in the southwest, was finally distributed and a complete and amicable settlement made between the heirs of the late Don Jose de Arnaz, who died February 1.

The Arnaz property consists of about 800 acres of farming land on the electric line between Los Angeles and Santa Monica. The electric line cuts through one corner of the property, leaving 88 acres on the one side and a little over 647 acres on the other. When Senior Arnaz died, seven heirs laid claim to the property, which, according to court value, is worth \$140,000, but which according to real estate men is worth a great deal more. At the same time, L. G. Olivaris entered action for \$1500 mortgage on the property. John Wolf-skill, John B. Arnesty and John B.

Pudding

Don't scoff and call it a food fad. It is the most delicious, nourishing and practical dessert ever offered. The price is nothing—ten cents to feed fifteen people.

AT ALL GROCERS

After-Removal Sale A Merchandise Event that is Far-reaching in Its Influence

In response to the general desire for additional information concerning "The Greater Coulter Store," we will, during the next few days, publish some pertinent facts which should be of interest to the public. These are chiefly such points as attract the attention of the casual visitor who regards the Establishment as one of the principal points of interest as well as the foremost merchandise institution of the Pacific Southwest.
