

Los Angeles To Bar Arnaz Oil Drilling

By Associated Press

LOS ANGELES, Jan. 24.—Notice was served today by the city of Los Angeles on the Marblehead Land company and the Standard Oil company that every possible federal court procedure will be called on to prevent drilling for oil on the Arnaz rancho, near Culver City. The city contends that residential properties valued at \$50,000,000 will be jeopardized by drilling for oil on the land leased to Standard Oil by the Marblehead interests, of which Mrs. May K. Rindge is the head.
