

Palomar Club Dressing Up for Net Plays

Howard Verbeck, one of the country's best interior decorators, has placed a crew of men on the interior of the Palomar clubhouse in Cheyote Hills. They will finish the music and ballroom this week and start at once on the living-room and dining-room. This work will continue without interruption and will be completely furnished by November 15, scheduled opening date of the tennis club of Southern California.

According to W. F. Buck, Jr., president of Palomar, the club now boasts of more than 350 active members. William Tilden, Helen Wills, Bill Johnston and others have been approached by the tennis committee to be present on this date at the Palomar net club.
