

### **Will Become Californians.**

Santa Monica Signal: Last week there were consummated two quite important sales of land in the near neighborhood of this city. Mr. Albert Lawrence of Minneapolis has purchased four and a quarter acres of land in the Crippen tract adjoining the home of A. S. Lane. This is one of the most beautiful and sightly locations in this neighborhood.

The other sale was made by Mr. E. H. Sweetser, and was the transference of his beautiful tract at the Palms, called The Vista del Mar, containing over 200 acres, planted to oranges and deciduous fruits, to a Minneapolis gentleman, who intends to build a fine home thereon and to highly improve the property.
